We are pleased to invite students and their supervisors to attend the **AGH International Student Conference: Knowledge, Technology and Society (AGH ISC 2018)**. The conference will be held on 10-12 October 2018 and will be hosted by AGH University of Science and Technology in Krakow, Poland.

AGH ISC Conference is conceived as a forum for the presentation of scientific activities of students. It is a place to share scientific work, explore new possibilities between research fields, create new friendships and account the very first successes in students scientific career. It is also an attractive opportunity to publish papers in the scientific monograph and open-access journal indexed e.g. in Web of Science.

Beyond the scientific part of conference, the participants have an excellent opportunity to get to know Krakow - the magical city of Polish kings and bishops.

We very much look forward seeing you in Krakow!
